Hello, my name is Syarif Hidayatullah. I was born on May 14, 2001, in Jakarta. I hold a bachelor's degree in Computer Science from Mercu Buana University. My daily hobbies include reading books and honing my skills in the field of IT. I am passionate about learning new and interesting case studies that present challenges in my work. I thrive in both team environments and as an individual contributor, consistently striving to make valuable contributions.
